

PLEASE do not change Wisconsin's No Call List. I recently moved into elderly housing and had to change my phone number. I couldn't believe the number of calls I received prior to elections in November. Several calls EVERY day. It was obnoxious. I still get telemarketing calls and I try to remember to ask each of them not to call me again, but it is extremely bothersome to answer the phone for something I have no interest in. The ringing phone has woken me from naps and my early bedtime.

The No Call List is important to me. I need my phone line to be free in case of emergency. I need my phone line to be quiet for my mental health. I miss being on the No Call List. I do NOT want businesses to be able to contact me in the privacy of my home. I get enough ads on the radio, on television, in the paper and in my mailbox.

This is a way that state law is better than federal law and I don't want you to mess it up. Please.

Thank you
